

20th Annual Nursing Summit

“Brilliance Under Pressure: Nurses, the Gems of Healthcare”

Call for Presentations

Dear Colleagues,

The upcoming OMNL Nursing Summit will be held **in-person** on Wednesday March 22, 2023, at the Augusta Civic Center. Four years have passed since we have gathered to share our innovative, creative, and inspiring ideas for some of the most common dilemmas in healthcare. Although nurses have been pressured, we have also persisted and developed solutions and strategies that should be shared. OMNL would love to fill the auditorium with all of the “gems” that nurses have produced during this time. This is an excellent opportunity to showcase your approach to contemporary issues. Your colleagues across the state are anxious to learn of potentially replicable strategies. Your work may be early in design, pilot phase, or full implementation.

This Summit is focused on efforts across the state that is addressing issues such as workforce development, healthy work environments, and academic: practice and partnerships, team engagement, recruitment and retention, innovative models of care delivery, staffing models, diversity equity and inclusion, leadership development, communication strategies within social media. The Summit Planning Committee extends an invitation to all who are interested in sharing their work. We are very grateful to all those willing to share their work.
